

## **AFFILIATIONS and CERTIFICATES of AUTHORIZATION**

### **Affiliations:**

- Pipe Fabrication Institute (PFI)
- American Society of Mechanical Engineers (ASME)
- American Welding Society (AWS)
- TAPPI
- Mechanical Contractors Association (MCA)
- Commercial Pipe Fabrication Agreement (UA Label)

### **Certificates of Authorization:**

- ASME "PP"
- ASME "U"
- ASME "S"
- National Board "R"
- National Board "NB"

## **INDUSTRIES SERVED**

- Power/Co-Generation
- Refinery
- Chemical/Petrochemical
- Pulp and Paper
- Waste Management
- Food, Beverage and Pharmaceutical

**Scheck Mechanical  
Wisconsin Corporation**  
1079 Driessen Drive  
Kaukauna, Wisconsin 54130

## **PIPE, MODULE AND HANGER FABRICATION**

Kaukauna, Wisconsin

## IN-HOUSE SERVICES

### Engineering and Value:

- **Engineering:** To ensure your systems are cost effective and meet applicable codes and safety requirements.

- **Scheduling:** To assure timely deliveries and inventory control.
- **Quality Control:** To assure your piping systems are built with approved materials and in compliance with proper procedures.

### Welding Qualifications:

- All Welder Qualified to ASME Section IX
- Welding Processes GTAW, SMAW, GMAW, FCAW and Orbital
- Welding in Accordance with ASME B31-1 and B31-3

## QUALITY CONTROL

As part of our normal business Scheck Industries maintains and operates a wide variety of quality procedures enabling us to provide management, supervisors, and craftsmen with the technical information they need to meet code requirements and owner specification.

The entire Scheck Industries organization is geared to customer satisfaction – from receipt of order through final delivery. Dependable, expert service, along with past experience, combined with a commitment of offering our products and services at the most competitive price have made our Fabrication Services a leader in the industry.

### Types of Materials:

- Carbon Steel – Std. Wt. Sch. 160
- Stainless Steel
- Alloys (Including P91)
- Titanium
- Monel
- Aluminum

### Non-Destructive Examinations:

- X-ray
- Magnetic Particle
- Dye Penetrant
- PWHT
- Ultra Sonic

### End Preparation:

- Vernon Flame/Plasma Beveling Machine
- 48" Cutting Capacity
- H&M Bevellers
- With Plasma Capability
- Tri-Tool Portable milling

### Finishing Capabilities:

- Blasting – I.D./O.D.
- Prime
- Painting
- Finish Painting
- Glass Bead Blasting

## CAPABILITIES and SHOP INFORMATION

### Capabilities Include:

- ½" thru 54" Pipe Spools
- Modular Fabrication
- Skid Mounted Modules
- Rack Mounted Process Piping
- Stairways, Catwalks, Platforms and Handrails
- Pipe Support and Hanger Fabrication
- Over 80,000 Square Feet Under Roof at Two (2) Facilities
